COMPUTER CLASSES OFFERED AT LIBRARY

Free Classes For Beginners Start In February

Beginning in February, Pocatello's Marshall Public Library, 113 S. Garfield Avenue, will offer computer classes for beginners. It will be a series of four classes. The first class will focus on initial introduction to the computer, including instruction on how to use a mouse to point and click. The following classes will increase in difficulty. The second class will familiarize students with Microsoft Word, the third class will address using the Internet, and in the fourth and final class the students will create an e-mail account.

The computer classes are geared toward adults over 50 years of age who have little or no computer experience. You may attend all, one, or any combination of the classes. The first class will be held on Tuesday, February 23, 2010, at 10:00 a.m. The same information will be repeated on Thursday, February 25, 2010, at 7:00 p.m. Classes are free and open to the public. Space is very limited so citizens are encouraged to register early. Please contact Tammie or Amy at 232-1263 ext. 22 to register.
