AGENDA ITEM #4 B: Michael Snyder, owner of the Woolworth Building, requests a certificate of appropriateness to repaint the exterior of the Woolworth Building at 141 N. Main Street.

Jeff Street, 734 N Garfield, Pocatello asked for approval to repaint the façade of the Woolworth Building located at 141 N. Main Street. The proposed colors are silky white for the stucco and tile on the front of the building and espresso bean for trim. **Herzog** clarified that the proposal only addressed the stucco being painted. Street clarified the top tiles would be addressed with the awning and sign designs by Blaze Sign & Graphic Design, coming to the HPC in a separate application, but he wanted approval for the color selection today for the stucco.

It was Motioned, Seconded, and Carried (MSC) (**L. Herzog, P. Sivitz**) to approve the request for the Woolworth Building located at 141 N. Main Street to paint the upper portion silky white and espresso bean as presented, and to have Chair Nielson sign the Certificate of Appropriateness.

AGENDA ITEM #3: APPROVAL OF MINUTES

The Commission may wish to approve the minutes from the regular meetings on March 6, March 20 and April 3, 2019.

It was MSC (**L. Herzog, M. Milder**) to approve the minutes as written for the regular meetings of March 6, March 20, and April 3, 2019, once the correction has been made listing Herzog and Milder as being present on March 6.

AGENDA ITEM #4: CERTIFICATES OF APPROPRIATENESS

A. Carpet One, represented by Sign Up Signs and Graphics, requests a certificate of appropriateness and sign permit for a face change on the monument sign in the 200 block of E. Center Street.

Shane Martin of Sign Up Signs and Graphics Inc. 3275 Highway 30 W., Pocatello stated the request will comply with new corporate logo branding. The color scheme is the same, but transposing the background and

logo colors. **Herzog** asked if the sign could have a black out on the back, as the sign is internally illuminated and the white background would be brighter. **Martin** stated he would need to ask the client as the additional material would increase the sign cost by approximately \$300 and his client already had budgeted for the current sign coloring. Nielson asked Martin to come back.

Terri Neu, Assistant Planner with the City of Pocatello summarized the staff report.

It was Motioned, Seconded, and Carried (MSC) (**L. Herzog, P. Sivitz**) to approve the face change request for the monument sign located at the 200 block of E. Center Street, with the HPC's recommendation to add an opaque background to reduce the illumination due to the white background instead of turquoise, and to have Chair Nielson sign the Certificate of Appropriateness.

B. Michael Snyder, owner of the Woolworth Building, requests a certificate of appropriateness to repaint the exterior of the Woolworth Building at 141 N. Main Street.

This Agenda Item was moved up, following Agenda Item 2.

C. Matthew Spencer, owner of the Shanghai Café, represented by Blaze Sign Company, requests a certificate of appropriateness and sign permit to reface the historic Shanghai "Café" sign.

Nicki Johnson of Blaze Sign & Graphic Design, 7175 S. 5 Avenue, Pocatello asked for approval to change the CAFÉ words to TATU on the vertical sign. **Herzog** noted the business and sign have been non-contiguous, and therefore, the grandfathered internal illumination sign would not be allowed. Only the letters would be replaced in the same color scheme from Café to Tatu, Johnson stated she would not illuminate the sign or do any electrical work on the sign.

It was Motioned, Seconded, and Carried (MSC) (**L. Herzog, J. Alvord**) to approve the change of letters in the sign face change request located at 247 E. Center Street as presented, noting that no internal illumination or electrical work would be allowed on this sign, and to have Chair Nielson sign the Certificate of Appropriateness.

Terri Neu, Assistant Planner with the City of Pocatello stated she received a report from Christelow indicating everything is on track, has been advertised by ISU, and getting posters out into the community. The press release was schedule to go out this week.

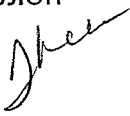

AGENDA ITEM #6: CAMP TRAINING

The National Alliance of Preservation Commission CAMP training will be on May 18 in Pocatello.

Neu mentioned that the training would be held in Pocatello, but she has not received information on the location. This training is open to the HPC and Neu will provide more information as soon as she receives it from the National Alliance of preservation commission.

RE: Certificate of Appropriateness request to remove the existing awning and replace the windows at 200 S. Main Street, Station Square (Fargo Building)

REQUEST

Denis Clijsters of Station Square, LLC has submitted an application for a certificate of appropriateness to remove the existing awning and replace the windows underneath at 200 S. Main Street, Station Square (Fargo Building). The windows were originally leaded glass but have been removed and replaced by sheetrock by a previous owner. The applicant is requesting to use new commercial-grade windows that have a black frame and grid with vinyl decorations on the borders to resemble the leaded glass windows.

BACKGROUND

The Inventory-Nomination Form for the Downtown Historic District listing on the National Register of Historic Places in 1972 identifies this building as contributory. It states, “Designed by Pocatello architect Frank H. Paradise, this two-story cream-colored brick building is topped by a tin cornice on both street facades. The second-floor windows are all double-hung sash, and an atrium provides light for the second-floor apartments. An addition to the south side of the building, added before 1927, is in the same style as the original structure.”

“The building opened on October 7, 1916, to house the Fargo-Wilson-Wells Mercantile Company. Lyman Fargo, the senior partner, came to Pocatello in about 1890 as part owner of the Blyth and Fargo Mercantile. The Stafford Apartments were located on the top floor. The addition originally housed the Western Union telegraph office.”

ANALYSIS

Municipal Code Section 17.04.210 requires that the Commission consider the general compatibility of proposed work to the property itself as well as to the surrounding district. Exterior design, arrangement, proportion, detail, scale, color, texture and materials should be taken into consideration.

Hi Terri,

For Station Square we're working on redoing our awning. Yesterday I received the first draft plans from my architect, Ted Booth and Kelsey Stenersen whom you know very well.

I want to put this on the agenda of the next (next, May 1st) meeting. The draft may still change a bit and Kelsey is working on additional elevations but this one already gives a good impression.

Behind the awning we couldn't find back the old leaded windows, they've been replaced by sheetrock, ... our plan was to use new commercial windows, black framed and with a grid to resemble the old lead windows. On the borders of the windows we will use vinyl decorations to resemble the white decorated border that you can see on the old picture. From the street level it should look almost identical.

We don't know yet whether we will keep the roof/street overhang, this depends on a structural analysis which will come soon. In my proposal here I'm assuming that we will keep it and reinforce it with turnbuckles to keep the old look (I'm open for the idea of chains as well).

Kelsey mentioned that I need to fill in a form to get our project listed?

Thanks!
Denis
