- **SWEEPING:**

Street sweepers are currently performing their annual spring clean-up. During this time, crews will sweep each street in the city once. After clean-up is complete, crews will then move to their regular sweeping schedule.

- **PATCHING FROST HEAVES**

Street Operations will continue digging out and patching back frost heaves throughout the city. This will require intermittent lane closures and possible temporary road closures as work is performed.

➔ **WATER POLLUTION CONTROL:**

JETTING SEWER LINES

Crews will be jetting sewer lines throughout the city. Motorists may experience delays or lane closures while crews are performing the work.

➔ **WATER DEPARTMENT**

Annual Water System Flushing

Starting May 11, 2020 workers will begin opening valves on fire hydrants around the city allowing water to remove any build-up of material in water pipes. During the system flush, residents may notice a temporary drop in their water pressure. Officials ask to please treat the crew like any other roadwork personnel and drive carefully.
