- **SWEEPING:**

Street sweepers are currently performing their annual spring clean-up. During this time, crews will sweep each street in the city once. After clean-up is complete, crews will then move to their regular sweeping schedule.

- **PATCHING**

Street Operations will be patching potholes and curb lines throughout the city in preparation for upcoming pavement treatments, this may require intermittent lane closures and possible temporary road closures as work is performed.

➔ **WATER DEPARTMENT**

Annual Water System Flushing

The Water Department's annual water system flushing process began April 4, 2022 and is anticipated to take approximately three weeks to complete. Workers will be opening valves on fire hydrants around the city allowing water to remove any build-up of material in water pipes. During the system flush, residents may notice a temporary drop in their water pressure. Officials ask to please treat the crew like any other roadwork personnel and drive carefully.

➔ **WATER POLLUTION CONTROL**

JETTING SEWER LINES & RAISING MANHOLES

Crews will be jetting sewer lines throughout the city as well as working on manholes on Via Valdarno, East Terry Street and the intersection of Marlu Street and Richland Avenue. Motorists may experience delays or lane closures while crews are performing the work.
