- Princeton Ave (Drake to Terry St)
- 19th Ave (Center St to Terry St)
- 19th Ave (Center St to Clark St)
- Wyeth St (7th Ave to Pocatello Ave)

- **PAVEMENT MARKINGS**

Street Operations Department will continue painting crosswalks and other pavement markings in various parts of the city. There will be intermittent lane closures while crews are painting. Drivers are advised to use caution to avoid wet paint and may experience delays at the work sites.

- **IDAHO TRANSPORTATION DEPARTMENT:**

- **I-15 ROAD CONSTRUCTION PROJECTS**

- Reconstruction of Rose Road Interchange on I-15. This project will improve mobility and safety on Interstate 15. Construction will be completed in late 2019.
 - The section of roadway from the I-15/I-86 junction north to the Fort Hall boundary. Construction began in April and is projected to be completed by the end of July.
 - Northgate Overpass above I-15 is currently under construction and projected to be completed in the fall of 2019.

- **ENGINEERING:** No reports

- **CONTRACTORS:** No reports

- **WATER POLLUTION CONTROL:**

- **JETTING SEWER LINES**

- Crews will be jetting sewer lines throughout the city. Motorists may experience delays or lane closures while crews are performing the work.

- **PUBLIC WORKS DEPARTMENT**

- **BENTON STREET BRIDGE**

- Southbound shoulder on 1st Ave., under the Benton Street Bridge, will be closed periodically for the next few months, as needed, to allow the Contractor to perform work. Starting Wednesday, May 29, 2019 Benton Street Bridge will be reduced to one lane of traffic each direction over the bridge.

- **WATER DEPARTMENT**

- **PROJECT ON DAHL, CHERRY, HEMLOCK, HUBBARD & MARLU NEIGHBORHOOD**

- The City of Pocatello Water Department began the project on Dahl Street Thursday, April 11, 2019 and will continue on Cherry, Hemlock, Hubbard and Marlu Street as the project progresses. The crew will work between the hours of 7:00 a.m. to approximately 5:00 p.m. Monday through Thursday to install new water lines, new fire hydrants and water meter boxes at the front property lines. Work is being done to improve water service in the area and will take approximately eight weeks to complete.

- For the safety of the public and City employees, sections of each street will be completely closed throughout the project while the crew is digging, and access will be restricted. However, every effort will be made to provide local access to property when possible. Parking will also be restricted in the construction zone, and residents are asked to park all vehicles away from the area during the day. At the close of each day, access will be restored to all properties. Also, if you have children, please warn them of the safety hazards and to stay a safe distance from the construction area. Our workers are experienced and continually monitor the work zone, but the heavy equipment operators have blind spots which may impede their ability to see small children.

The work will also cause short-term disruptions to water service. Individuals in and around the construction zone are encouraged to keep a supply of drinking water available.

This project, like all other water system improvement projects, is funded by the Water Department's capital improvement fund. For more information about this project or any other Water Department project/service, call 234-6182.
