

## **Is coming to the Community Recreation Center!**

New for the Fall/Winter season  
try the exciting & fast growing  
sport of Pickleball.

Pickleball is a lively paddle game that combines elements of badminton, tennis & table tennis, and was created with one thing in mind: FUN! It was designed to be easy to learn and play whether you're five, eighty-five or somewhere in between. The sport is played on a court with roughly the same dimensions as doubles badminton, and can be played in either singles (2 players per court) or doubles format (4 players per court), using wood or composite paddles and a polymer whiffle ball.

Pickleball is played similar to tennis, however the smaller court size and decreased speed at which the ball travels (typically one-third the average speed of a tennis ball) make the sport much more accessible to a wider range of players, particularly seniors & children. But don't be fooled, Pickleball is still a great sport for more competitive players to test their mettle as well.
